Christmas Craft Templates for Kids

Page 2 Slot-together 3D tree
Cut out both trees and the two slits. Slide them together so the tree stands up. Ages 5+.

Page 3 Paper snowflake guide
Fold a square into a six-point wedge, then cut along the dashed shapes. Ages 6+ (5+ with help).

Page 4 Reindeer antler headband
Color and cut the antlers and two band strips. Tape the strips into a band and glue the antlers on. Ages 3+.

Page 5 Gift tags
Ten To/From tags to color, cut and tie onto handmade gifts. Ages 4+.

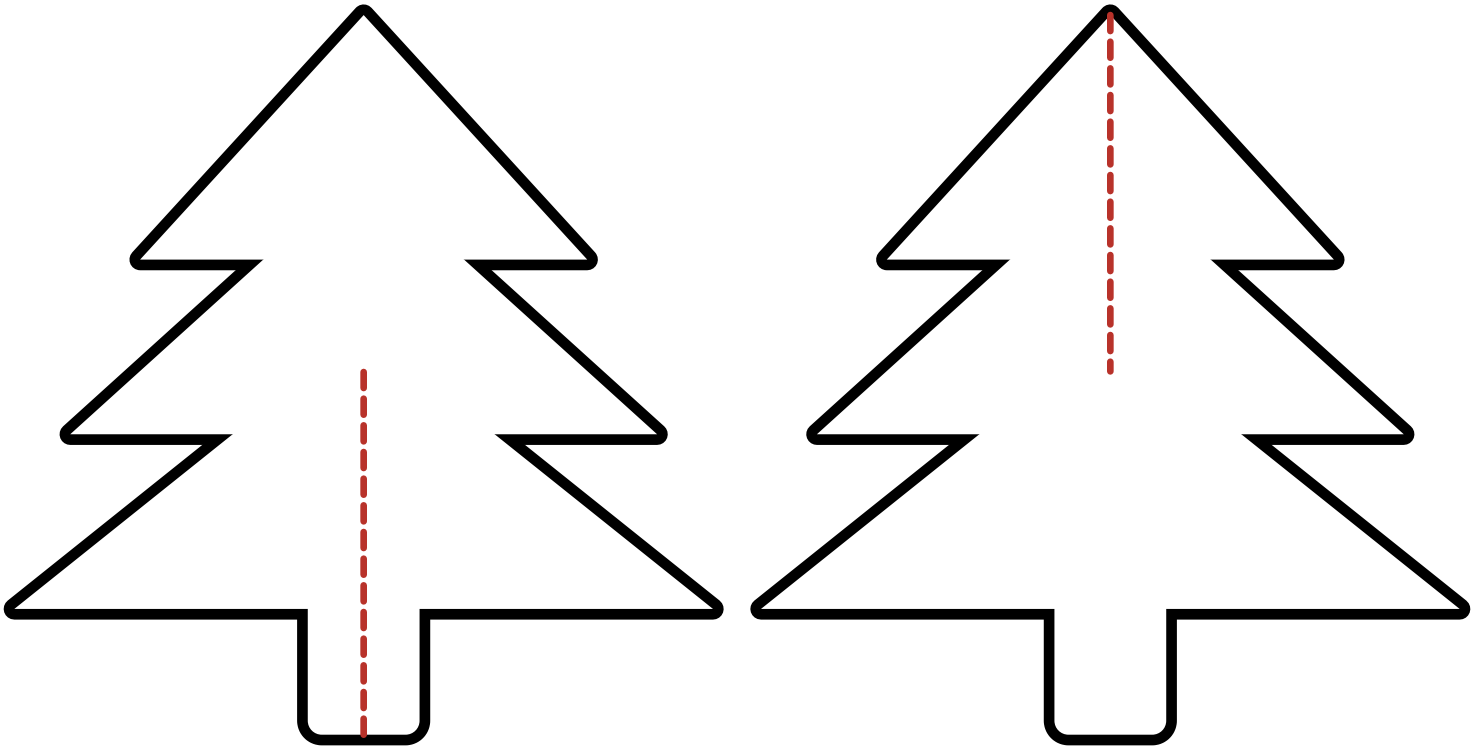

Cutting by age

- Ages 3-4: a grown-up cuts slits and tight corners; kids color and glue.
- Ages 5-6: child-safe scissors on the outside lines; a grown-up starts the slits.
- Ages 7-8: kids cut everything, including the snowflake shapes.
- Print the tree on cardstock so it stands up.

3D Christmas Tree

Cut out both trees. Cut the red slits. Slide tree B down onto tree A.

Tree A
slit from the bottom up to the middle

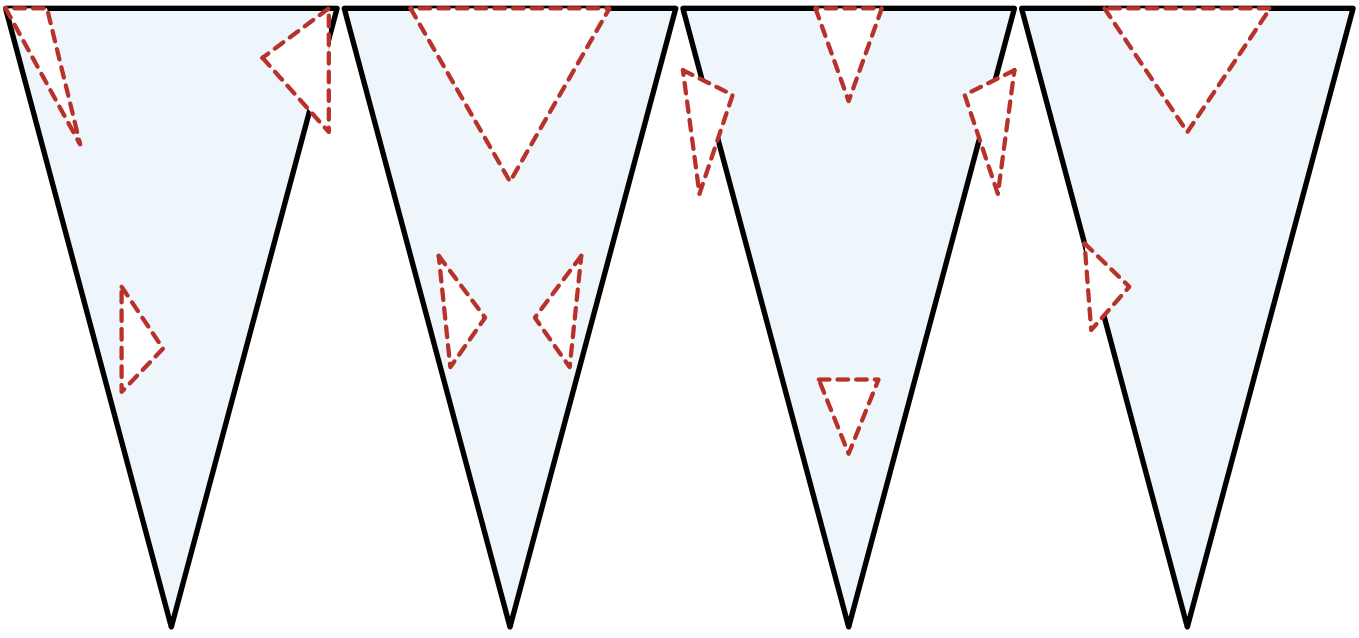

Tree B
slit from the top down to the middle

Tip: decorate both trees before you slide them together. Stickers, glitter glue or a drawn garland all work. Stand it on a shelf or the dinner table.

Paper Snowflakes

1. Fold a square of paper in half into a triangle, then in half again.
2. Fold that triangle into thirds, like a paper cone, then in half once more, so it makes a narrow wedge.
3. Trim the uneven top straight across.
4. Copy one of these patterns onto your wedge and cut out the dashed shapes.
5. Unfold slowly. Six points, all different from everyone else's.

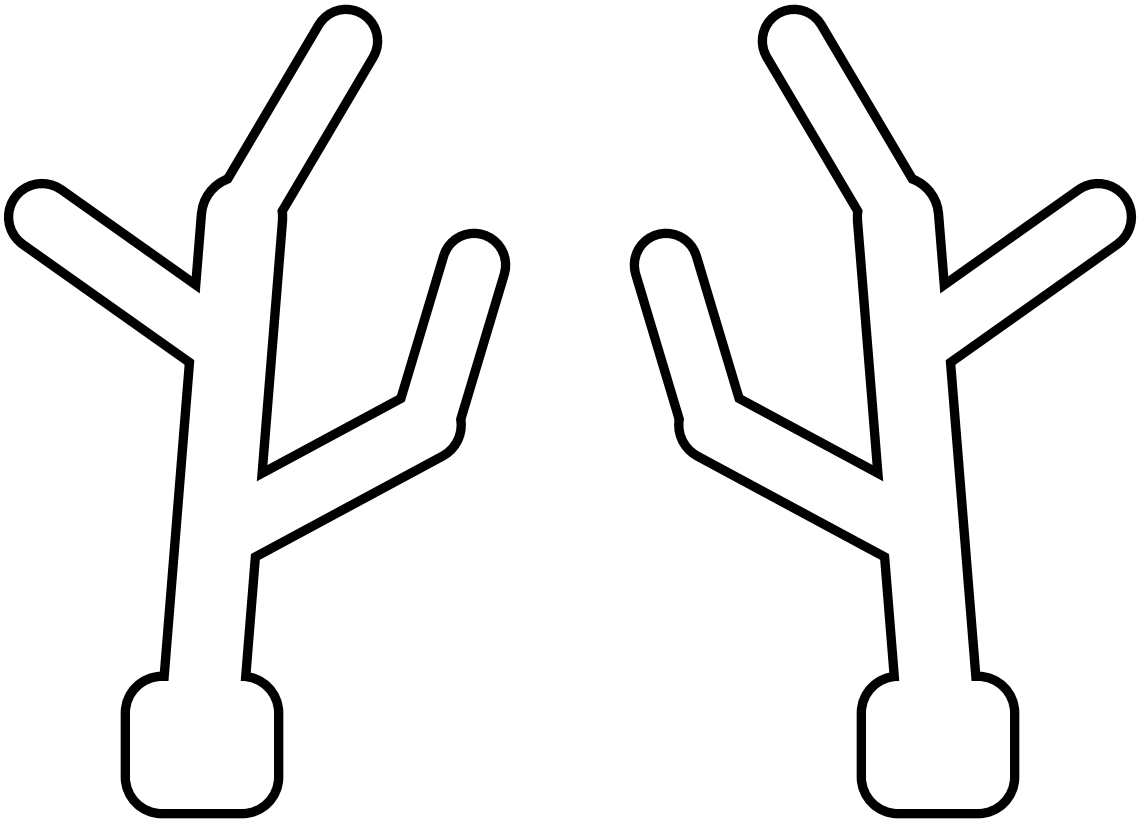

Classic **Starry** **Lacy** **Simple**

The point at the bottom is the folded center. Cut only the dashed shapes, not the folds.
