

Halloween Scavenger Hunt

Picture checklists for ages 2 to 8 · indoors or on a Halloween walk

What's inside

Page 2: a Halloween walk checklist with 12 things to spot outside. Page 3: an indoor hide-and-find checklist with 16 pictures. Page 4: twenty picture cards to cut out and hide.

Halloween walk (outdoors)

Take page 2 and a crayon on an evening walk or a trick-or-treat route. Check off each thing you spot: a jack-o'-lantern, a black cat, a spooky house, someone in a witch hat. Non-readers follow the pictures. Readers can read the words.

Go before full dark or carry a flashlight, stay on sidewalks, and keep little ones holding a grown-up's hand near driveways and streets.

Hide and find (indoors)

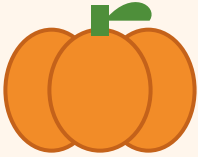

Cut out the cards on page 4 and hide 16 of them around one or two rooms while the kids wait in the hall. They search, and check off each picture on page 3 as they find it. For toddlers, hide cards in plain sight at their eye level. For older kids, tuck them behind cushions, under cups, and inside shoes.

Make it easier or harder

Easier: hide only 6 cards, and point toward the right part of the room. Harder: give each child a different list, add a timer, or write a rhyming clue for each hiding spot. Use the leftover four cards as a "bonus" round.
