Toddler Craft Templates

Big shapes for little hands: stick, tear, glue and lace

How to use the pages

- Page 2: cut out a big shape, stick it to contact paper (sticky side up) and let your toddler press on tissue paper or fabric scraps.
- Page 3: lacing cards. Print on cardstock, a grown-up punches the dots, wrap tape around the end of a piece of yarn.
- Page 4: paper plate animals. Color, cut and glue the ears and noses onto a paper plate.
